TAGLINE: Turns your pan into a stove top air fryer!

WHAT IS THE PRODUCT? Air Whirl Crisper Lid is an innovative cooking lid that turns ordinary pots or pans into a super-fast, stovetop air fryer.

WHAT DOES THE PRODUCT DO?

1. The supercharged turbo fan circulates air creating a swirling hot convection oven right inside your pan to air fry food faster, easier, and healthier.
2. The Expandable Rack Crisper Tray elevates food for increased airflow
3. Easy to use: Simply cover any 10 - 12 inch pot or pan. Great for crunchy chicken tenders, reheating pizza, baking muffins, crisping mozzarella sticks, and more in a fraction of the time.

HIT POINTS:

Air fries faster

It saves counter space

It's portable, durable, and fits most size pans

WHY SHOULD THE AUDIENCE BUY IT? Air frying is fast and easy, so cooking at home is a much more tempting option. If you could cook meals in an air fryer in a few minutes, wouldn't you instead do that than order out? This is the perfect way to replace deep-fried foods with a healthier alternative that reduces the cooking oil used and saves you money on eating out!

It's really portable so that you can air fry foods to crispy perfection at tailgates, camping, and more.

It also is an amazing gift idea.
