**TAGLINE:** Modern & stylish portable air cleaners that kill 99.99% of airborne germs and bacteria!

### WHAT IS THE PRODUCT?

**CleanLight Air Pro:** Compact, battery-powered ionic air purifier.

**CleanLight Air XL:** Air purifier with negative ion technology and UV light.

**WHAT DOES THE PRODUCT DO?** Air Ionizers create charged ions that neutralize airborne contaminants

#### CleanLight Air Pro:

1. UV-C Light kills 99.99% of airborne germs and bacteria in a 160 sq. ft. area
2. The negative ion generator lasts up to 20,000 hours, over 20x longer than traditional filters
3. Filterless: Anion sterilization uses high-density negative ions to purify the air without a filter
4. Air Quality Monitor with indicator lights so you know when your air is clean or contaminated
5. Rechargeable Battery lasts up to 4 hours on one charge so you can use it without an electrical outlet
6. Fits in a cup holder: Lightweight with an included removable base so it fits perfectly in the car or stroller cup holder

#### CleanLight Air XL:

1. Kills 99.9% of airborne germs and bacteria in spaces up to 550 Sq Ft.
2. Intuitive Touchscreen to control and customize settings, including Night Mode with dark and quiet settings
3. 3x smaller than other leading air purifiers
4. Works with a Type-C charging cable, 12V input
5. Easy to move and non-intrusive to your living space
6. CleanLight Air XL uses the H13 HEPA Filter, which should be changed ideally every 3 months

### HIT POINTS:

- Improve the quality of the air you and your loved ones are breathing in
- Kill 99.99% of airborne germs and bacteria
- Small, portable, and quiet

**WHY SHOULD THE AUDIENCE BUY IT?** Filter pet dander/odor, smoke, dust, air pollution, and other particles from the air. Both air purifiers are so quiet they blend into the background noise of your home or wherever you use your Cleanlights. Can be used in these cozy spaces like a nursery or higher traffic spaces like an office cubicle. Great for people sensitive to scents..
