WHAT IS THE PRODUCT? The SolaWave Anti-Breakout Wand is a compact at-home skincare tool that combines three proven technologies that fight against breakouts, boost the effects of serums and topicals, and improve your skin's radiance.

WHAT DOES THE PRODUCT DO?

1. Reduce the appearance of wrinkles, fine lines, dark circles, blemishes, and dark spots. De-puff and energize the skin in as little as 5 minutes per day, three times per week. Boost skin's glow!
2. Backed by science and dermatologist-approved: It combines four science-backed, clinically-proven dermatology technologies:
 - Microcurrent
 - Red Light Therapy
 - Facial Massage
 - Therapeutic Warmth

HIT POINTS:

- Get your skin's glow back with clinically proven dermatology technologies
- Now you can use Red Light Therapy at home!
- Backed by science and dermatologically approved at-home skincare tool

WHY SHOULD THE AUDIENCE BUY IT?

-Award-winning skincare: SolaWave is an easy-to-use skincare device. Solawave was voted as the #1 Skincare Tool of 2021 by The Zoe Report (run by celebrity stylist and influencer, Rachel Zoe). SolaWave also won the Best Tool on a Budget award from Hip and Healthy this year.

-As seen on Lil Nas X, Doja Cat, Nicole Kidman, and more because celebrity makeup artists and skincare experts trust Solawave to deliver an immediate glow after just a few minutes of usage.

-It was recommended as a top gift idea for moms, dads, and teens by Forbes, Vogue, Cosmopolitan, Allure, and others.

ADDITIONAL INFORMATION:

Portable and rechargeable (lasting up to 12 sessions per charge) for easy travel, so you can take it with you anywhere.

- Includes charging cable.

- Smart-touch activation: to turn your wand on and off, simply place the head of the wand against the skin of the face to turn it on and remove it to turn it off.
