TAGLINE: Your daily water intake in an eco-friendly bottle

WHAT IS THE PRODUCT? DRINQ is a 1/2 gallon fully food-grade and BPA/BPS-free bottle, that contains all the daily water intake you need to drink.

WHAT DOES THE PRODUCT DO?

1. The volume (2.2L/Half Gallon) is tailored to help you stay hydrated, even when it's hot and you're physically active
2. It comes with a thermal sleeve with a temperature control function on top, add some ice, and your water will stay cool for longer
3. The leakproof lid will keep your bottle fully watertight and impervious to dust, making it easy to carry the bottle around and pleasant to drink from
4. Features a straw to make it safer and more convenient for you to drink from this big bottle, so you don't have to tilt it, which is particularly handy when exercising or multitasking.
5. You can remove the strap altogether or adjust it and wear it on your shoulder or both shoulders as a backpack. Don't forget to adapt the length to your body for proper weight distribution
6. The bottle has 3 pockets: the bigger pocket is for your smartphone and other small items, like credit cards, the smaller mesh pocket is perfect for earbuds, and the third one, with the carabiner, is for your keys

HIT POINTS:

- Your full normal daily water intake in one bottle!
- Drinq is fully food-grade and BPA/BPS-free
- Thermal sleeve with pockets and adjustable strap

WHY SHOULD THE AUDIENCE BUY IT? Don't let dehydration happen if you're working out or distracted running errands. Dehydration symptoms are dizziness, tiredness, and headache. Staying properly hydrated will keep your skin and muscles healthy, detoxify your body, boost your productivity, up your kidneys' performance, and help your body lose extra weight.
